

The Greatest Immigrant American

Your assignment – with a partner – is to select, research, and create a minimum 10-slide presentation on a person you think is the “Greatest Immigrant American.”

This person must have been born in a country other than the United States. This person must have made an important contribution to American culture, life, law, politics, society, arts, etc.

Your presentation should be academically appropriate, suitable for showing to other teachers and the principal.

You will present the PowerPoint at the end of the school year before finals.

You need at least:

- 8 main slides
- 1 Title slide
- 1 bibliography slide
- 6 images

Research using the Internet, library resources, books, film, and audio; whatever helps you create your presentation.

You may include video or audio clips; see the instructor first.
